GLOBAL GROWTH PARTNERS SECURES ACQUISITION CAPITAL FOR ONE OF THE LEADING COURT REPORTING AND TRIAL SERVICES FIRMS, HUSEBY, INC.

GGP Spearheads Growth Capital Raise

Charlotte, N.C. – Nov. 26, 2013 – Global Growth Partners (“GGP”), a boutique investment bank headquartered in Charlotte, NC was the exclusive financial advisor in securing \$9.5 million in mezzanine capital for Huseby, Inc. The capital will support Huseby’s acquisition strategy as it leverages its robust technology and services portfolio while it increases its geographic footprint in select areas across the United States.

Plexus Capital stepped up to the plate in offering flexible capital and management support enabling Huseby to tactfully grow organically and through select acquisitions in the court reporting and litigation support services industry. The fragmented nature of the industry coupled with the rapid advances in technology is providing a unique opportunity for consolidation.

“Securing the new capital is key in supporting Huseby’s overall strategic plan. Global Growth Partners assisted us in unlocking incremental value in the business and methodically managed the process in choosing the right partner that shared in our vision and management culture”, say Scott Huseby, CEO and President of Huseby, Inc. “Most importantly, we could not be more pleased with the outcome, Plexus as our long-term capital partner and the advice and support we received from Global Growth Partners.”

Jason Patterson, Global Growth Partners’ Managing Director noted, “The transaction provides Huseby with an initial \$9.5 million in capital with additional dry powder to aggressively drive their acquisition strategy. The industry is dominated with smaller “Mom and Pop” businesses which do not have the capital or desire to build the technology platform needed to stay competitive in today’s rapidly evolving court reporting and trial services sector. Huseby can offer acquisition targets a robust product suite driven by the most state of the art technology. Thus, allowing business owners an opportunity to focus on selling versus the administration, production and capital investment required to stay competitive”.
